

Agreement for Consent to Publish a Master's Thesis

The consent regulates the terms for digital publication of the student's master's thesis in National Open Research Archive (NVA).

Information about the Master's Thesis

Name of author(s): _____

Course code: _____

Title of the master's thesis: _____

Year and semester of submission: _____

Consent to Publication

☐ Yes, I consent to publication

☐ No, I do not consent to publication

If the submitted thesis has multiple authors, the publication agreement applies to all authors. If one of the authors does not wish a group thesis to be published, the response to the publication consent question must be "No".

Delayed Publication

If the thesis is to have delayed publication, please enter the date on which it should be published. If the thesis is never to be published, it is sufficient only to check "No, I do not consent to publication" above.

New publication date: _____

Metadata and Copyright

Metadata (author, title, and abstract) will be published in NVA even if consent is not given for publication of the full thesis.

This agreement takes into account both copyright considerations and the principle of open access, in accordance with the guidelines of Inland Norway University of Applied Sciences.
