

# Checking your course schedule in TP

# Find our main webpage

1. Go to our webpage [www.inn.no](http://www.inn.no).
2. Change the language of the webpage to English in the top right corner.
3. Click on the button «For students».

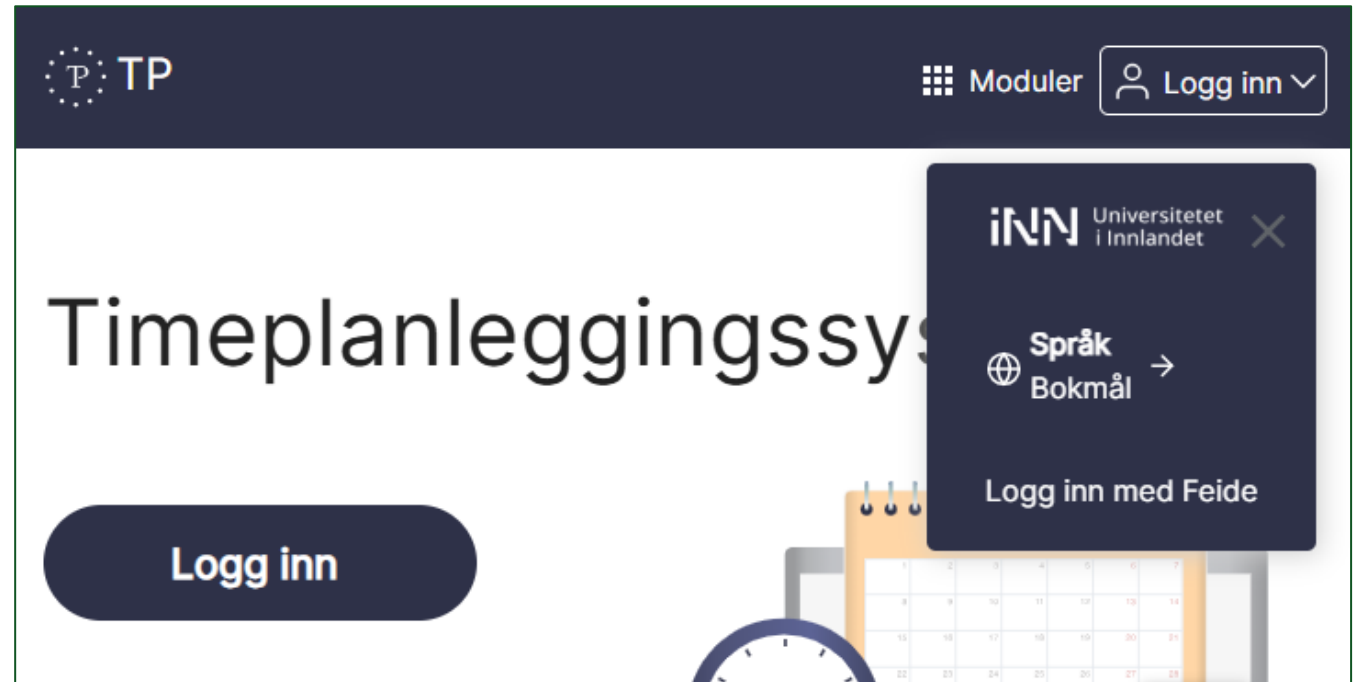

# Find the «For students» webpage

- » In the «For students» webpage, you will find direct access to our various systems.
- » To enter the course schedules, click on the link for «Schedule» or [go directly to the TP webpage](#).

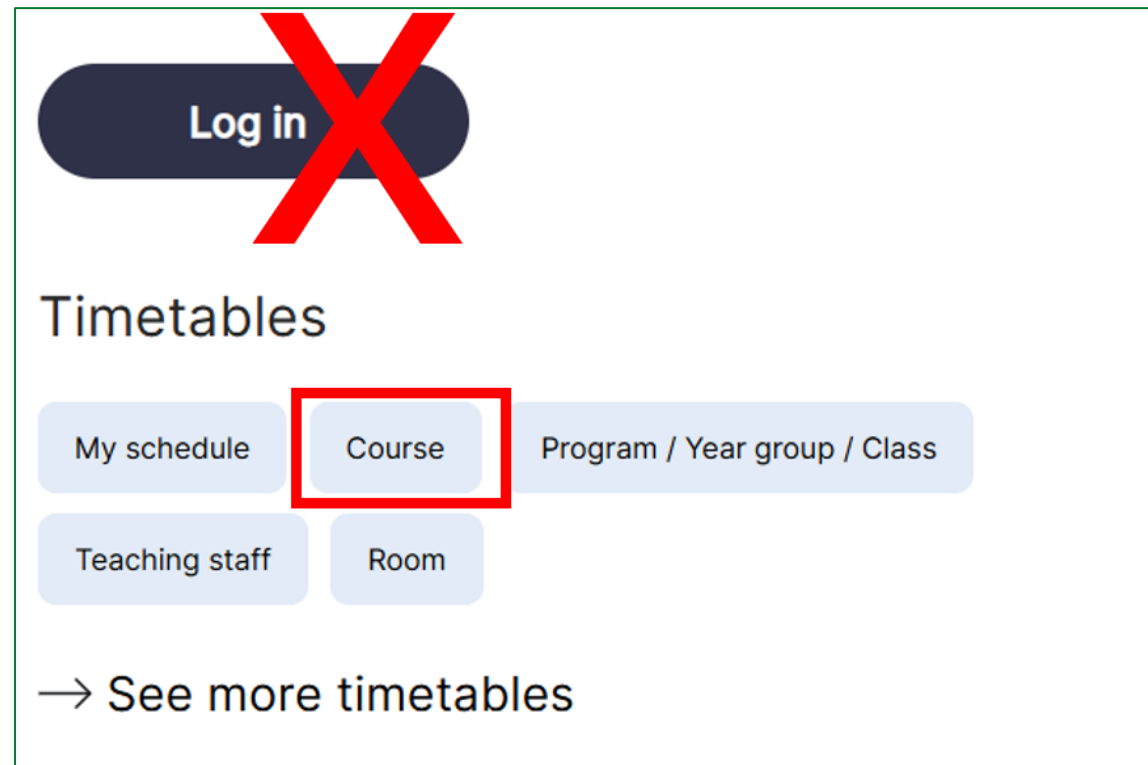

# Change the language to English

- » To change the language, click on the «Logg inn» (login) button in the top right corner.
  - » Click on «Språk» (language) and select «English».
- » Please note that not everything will be translated into English.

# Find the course option

- » Find and click the button for «Course».
- » You can only choose «Log in» and «My schedule» when you have access to your INN student account.

# Search for your schedule manually

- » Write the course code or name of the course in the search bar for «Course» and click on the relevant option.
  - » You can look for several course schedules at once.
- » If you click on «Subject area», you will find the names of the INN faculties and departments. If one or more are selected, you can only search for courses from these faculties or departments.
  - » This is not recommended for exchange students in Campus Lillehammer.

# Select the week(s) you wish to see

- » When you have selected the course(s), you will automatically see the schedule for the entire semester. This is auto-set.
- » However, you can select one or several weeks if you only wish to see some of them.

# View the schedule as a calendar

- » In the example below, you can see that the lecture for Snow Business on Monday, 2<sup>nd</sup> of February is held from 12:15-14:00 (2:15 pm to 4 pm) in room 1G107.
  - » Click on the room number, and you will be taken directly to Mazemap to see where the room is located on campus.
- » As mentioned, the schedule is automatically set to show all weeks, but we have selected week 6 for viewing in the example below.

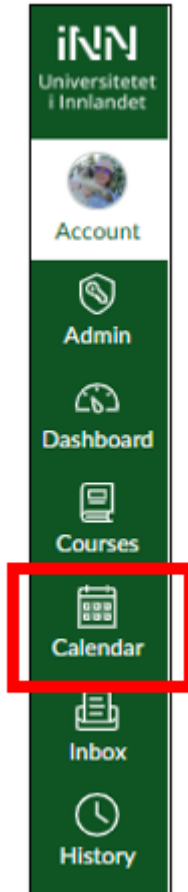

# View the schedule as a list

- » The second option is to view the schedule as a list.
  - » This example refers to the same course and time period as the previous slide.

| 2RL30 - Snow business                                                                                                                                                                                                                                                                                                        |             |                                      |                          |                            |

# Finding the schedule in Canvas

# Schedules in Canvas

- » When you have access to your INN student account, you can see your schedules in Canvas through the «Calendar».
  - » This will only be accessible when the professor has posted the course room. Some course rooms may only open shortly before the start of the course.
- » For information on how to access Canvas, please see the information document on «Entering Canvas & changing the language».
