

3. Entering Canvas & changing the language

Find the «For students» webpage

- » Go to our webpage www.inn.no.
- » Change the language of the webpage to English in the top right corner.
- » Afterwards, click on the button «For students».

For students

→ Canvas

→ Study rooms (TimeEdit)

→ Inspira

→ IT support

→ Reading lists

→ Studentweb

→ Study administration

→ Education plan and course search

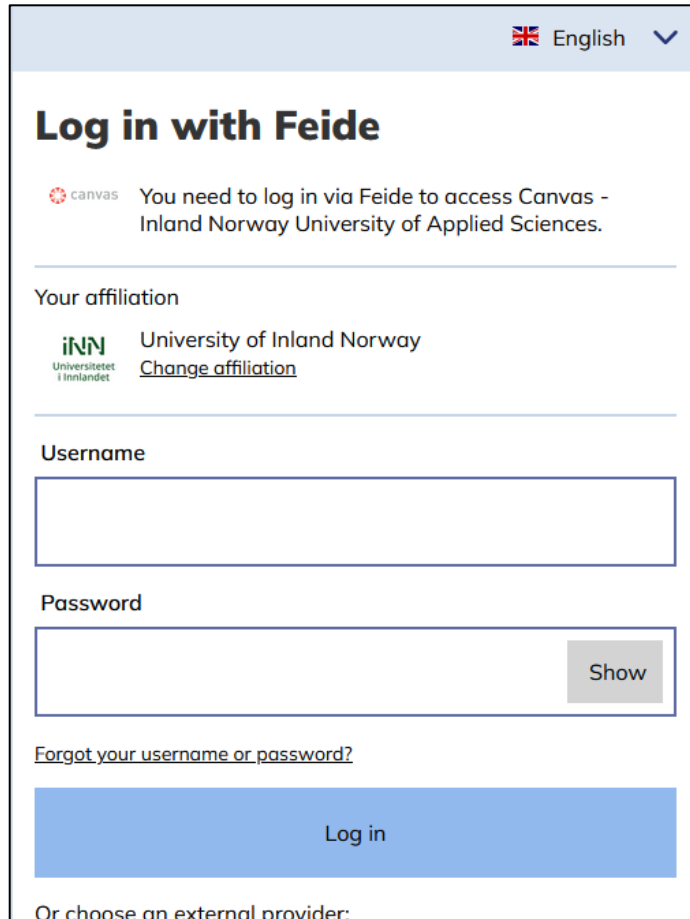

→ Schedule

Find the link to «Canvas»

»Here you will find the direct access to our various systems.

»Click on the link for «Canvas» or go to <https://inn.instructure.com/>

Enter your username and password

The screenshot shows the Canvas login interface. At the top right, there is a language selector set to 'English'. The main heading is 'Log in with Feide'. Below this, a message states: 'You need to log in via Feide to access Canvas - Inland Norway University of Applied Sciences.' Underneath, the 'Your affiliation' section shows the 'iNN' logo and the text 'University of Inland Norway' with a link to 'Change affiliation'. The 'Username' field is empty. The 'Password' field is also empty, with a 'Show' button to its right. Below the password field is a link for 'Forgot your username or password?'. A large blue 'Log in' button is positioned below the links. At the very bottom, there is a link that says 'Or choose an external provider:'.

- » Change the language setting to English in the top right corner.
- » Make sure that the “Affiliation” is INN.
 - » If you try to choose another affiliation, then you will not be able to enter your correct Canvas profile.
- » To log in, enter the following:
 - » Username = Student number
 - » Password = the password you set
- » When you have entered this, click on the «Log in» button.

Your Canvas Dashboard

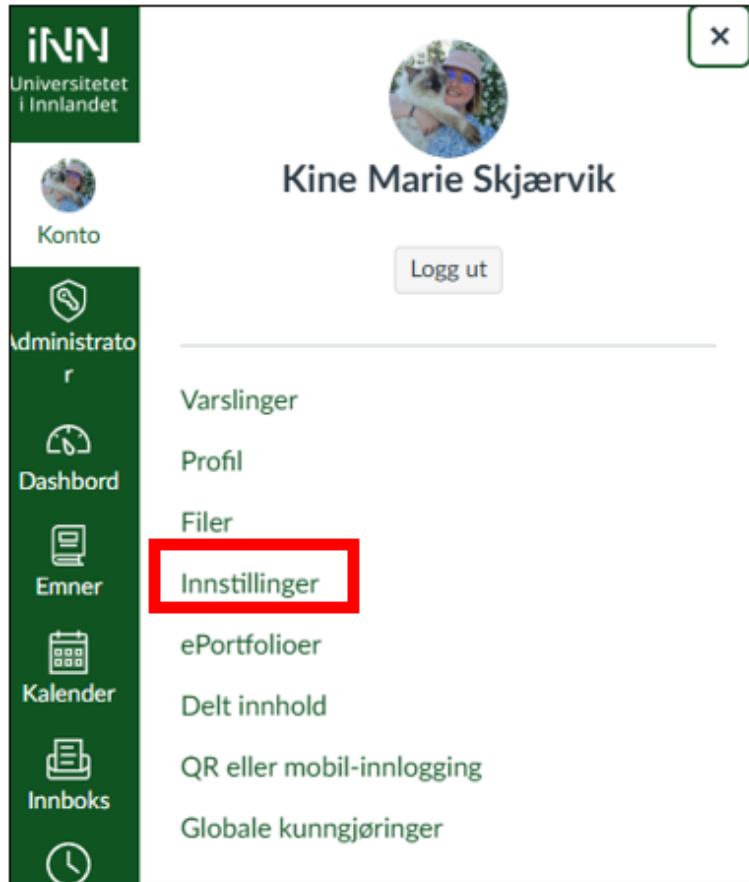

- » You will then arrive at your «Dashboard».
- » Here you can find a list of rooms for all your courses.
- » There is no need to worry if you cannot find all the courses in Canvas.
 - » Some course rooms are not published until shortly before the start of the course, or in some cases, after the first lectures.
- » **Check Studentweb to see which courses you are signed up for.**
 - » If you find the course in Studentweb, but not in Canvas, then the course room is not yet published. Just wait for it to be published by the professor.
 - » If you cannot find the course in Studentweb, email the International Office.

Canvas in Norwegian

It is normal for your Canvas to be in Norwegian when you first enter it; however, the language can easily be changed to English.

Find the settings page

- » Select «Konto» on the left side of the screen.
- » Then choose «Innstillinger», also called settings.
- » **You have to be in the web version to change the language.**

Find the button to edit the settings

Finding the app and QR-code to login

- » You can download the «Canvas Student» app to your phone through the «App Store» or «Play Store».
- » Log in with a QR code. This code can be created in the web version of your Canvas.
 - » Go to «Account» and «QR for Mobile Login».
 - » Follow the steps given on your phone.

Canvas app in Norwegian?

Change the language in the web version of your Canvas (e.g. from Norwegian to English), and then log in again to the «Canvas student» app.

The language should be updated automatically.
