AGENDA DOCUMENT FOR STUDENT COUNCIL MEETING

SR-25/26-01 CONSTITUTION OF THE MEETING

Case officer: The Local Executive Committee at Evenstad

Case 25/26-01-01 Approval of meeting summon and agenda documents

Case officer: The Local Executive Committee at Evenstad

Motion:

The Student Council approves the meeting summon and agenda documents.

Approved

Case 25/26-01-02 Election of chairperson, moderator and minute taker

Case officer: The Local Executive Committee at Evenstad

Motion:

Selma Skjønhaug is elected as chairperson

Selma Skjønhaug is elected as moderator

Ole Meyer Bergskås is elected as minute taker

Approved

SR-25/26-02 Briefing from class representatives

Case officer: The Student Council at Evenstad

Item presentation:

The Local Executive Committee gives the class representatives the opportunity to brief the Student Council

Motion:

The Local Executive Committee takes note of all the briefings.

- First year Utmark: Everything is fine.
- Second year Utmark: Many assignments were due at the same time, and there was some confusion around Administrative Law with Magnar. Apart from that, no complaints.
- Third year Skog: Having the innovation fair scheduled during the moose hunt is a big problem for motivation when it's mandatory.
- First year Master Økologi: Some modules should start at different times to spread out the workload. Applied Ecology should start at another time and be shorter. It's chaotic when there's a big workload all at once. The Capture program causes stress around the exam.
- Bachelor program Borealt Skogbruk: Everything is fine.
- First year Skogbruk: No complaints
- Third year Utmark: Everything is fine except for the mandatory activities during the hunt.

SR-25/26-03 Flagship issues in StInn

Case officer: The Student Council at Evenstad

Item presentation:

Each year, Inland Norway Students' Union (StInn) chooses a handful of political issues to focus on, and it's soon time to pick new flagship issues. StInn divides its policy into three platforms, and in recent years StInn has had three flagship issues, one based on each political platform. A flagship issue is a political goal that will be prioritised for the year, based on the policy StInn has already decided. The Executive Committee (AU) wants input from The Student Councils on what we can choose as flagship issues this year. We've included some suggested topics for flagship issues for each of the political platforms, but you are free to suggest other topics you think should be prioritised. The discussion will be used as a starting point for the flagship issues that will be decided by The Student Parliament (ST).

Academics and Research Policy covers everything related to teaching, courses, exams, cheating and other academic matters. Some example topics could be:

- Use of and guidelines for AI
- Improving course evaluations

Welfare and Learning Environment Policy is about students' welfare and what the learning environment on campus is like, both in and outside of teaching. Some example topics could be:

- Mental health among students
- The psychosocial learning environment among students
- Adaptation and support for students with different needs

International Policy covers everything related to incoming and outgoing exchange, opportunities for internationalisation of studies, and the rights of students who go on exchange or come to Norway to study. Some example topics could be:

- Equality for international students
- Refugees and asylum seekers

Questions for discussion:

- Which topics do you think are most important?
- Do you support any of the suggested topics, and do you have ideas on how they should be shaped?
- Do you have other suggestions, based on StInn's political platforms?

The items were raised and communicated to the Student Council at Evenstad.

SR-25/26-04 Election of positions in StInn Evenstad

Case officer: The Student Council at Evenstad

Item presentation:

Election of positions in StInn Evenstad.

The Student Council holds the election of Academics and Research Officer, Welfare and Learning Environment Policy Officer, International Policy Officer and Communications Officer.

SR-25/26-04-03 Election of Academics and Research Officer

The Academics and Research Officer works to safeguard the students' interests related to exams, teaching, study programmes and research.

The Academics and Research Officer is also a member of The Academics and Research Policy Committee (FFPK) in Inland Norway Students' Union (StInn)..

The counting committee opens for candidates to stand for election.

Registered candidates:

1. Lars Kørre

The election is carried out by acclamation.

SR-25/26-04-04 Election of Welfare and Learning Environment Policy Officer

The Welfare and Learning Environment Policy Officer follows up the students' interests in welfare, diversity, equality, learning environment and facilitation.

As Welfare and Learning Environment Policy Officer, you are part of The Learning Environment Committee (LMU) and The Welfare and Learning Environment Policy Committee (LMPK).

The counting committee opens for candidates to stand for election.

Registered candidates:

1. Julie Hermine Søhoel Krogh

The election is carried out by acclamation.

SR-25/26-04-05 Election of International Policy Officer

The International Policy Officer is responsible for international policy and follows up the exchange students. You cooperate with, and work closely with, the international office and international coordinators at University of Inland Norway (INN).

The International Policy Officer is also a member of The International Policy Committee (IPK) in Inland Norway Students' Union (StInn).

The counting committee opens for candidates to stand for election.

Registered candidates:

1. Kira Wilhelmina Simone Rokx

The election is carried out by acclamation.

SR-25/26-04-06 Election of Communications Officer

The Communications Officer promotes and markets the organisation externally. You are responsible for the organisation's channels and should have a good understanding of editing and writing tools.

The Communications Officer is also a member of The PR and Promotion Committee (PRPU) in Inland Norway Students' Union (StInn).

The counting committee opens for candidates to stand for election.

Registered candidates:

1. Sanna Ingrid Johnsen

The election is carried out by acclamation

Motion:

Academics and Research Officer: Lars Kørre

Welfare and Learning Environment Policy Officer: Julie Hermine Søhoel Krogh

International Policy Officer: Kira Wilhelmina Simone Rokx

Communications Officer: Sanna Ingrid Johnsen

Passed.

SR-25/26-05 Items you want to raise

Case officer: The Student Council at Evenstad

Item presentation:

The Local Executive Committee gives the class representatives the opportunity to raise items

Motion:

The Local Executive Committee takes note of all the briefings.

No items are raised.

SR-25/26-06 Any other business (AOB)

Case officer: The Student Council at Evenstad

Item presentation:

The Student Council is given the opportunity to raise any items.

- The Leader informed everyone about the ballot election for The Student Parliament (ST)
- Many birds and insects are crashing into the windows of the student housing, something should be done to prevent this.
