#### **Motion:**

*Ole Meyer Bergskås* is elected as chairperson

*Ole Meyer Bergskås* is elected as moderator

*Julie Hermine Søhoel Krogh* is elected as minute taker

Approved.

## **SR-25/26-16 Briefing from class representatives and the Local Executive Committee**

Case officer: The Student Council at Evenstad

---

### **Item presentation:**

The Local Executive Committee gives an overview of the work that has been done since the last Student Council meeting, and gives the class representatives the opportunity to brief the Student Council

### **Motion:**

The Student Council takes note of all the briefings.

- Skog 1: Haven't had any classes, otherwise everything is fine.
- Skog 3: We've been missing a lecturer, and wish they could have brought in a substitute.
- Utmark 1: Everything is fine, nothing new to report.
- Utmark 2: Everything is fine, nothing new to report.
- Master: Everything is fine, nothing new to report.

## **SR-25/26-17 Briefing from the property director**

Case officer: The Student Council at Evenstad

---

### **Item presentation:**

The property director will visit to give a briefing.

### **Property director:**

- Working on "living campuses" and how to increase activity on campus
- Facilitating so that it's good to spend time on campus, and so that campus is used after classes are finished
- There have been talks locally and centrally about what people want and think going forward
- A furniture group has been set up to work with students to create social areas for students, Wenche and Tore are involved
- The property department believes everyday life on campus helps students want to study and spend time together
- The table tennis table was brought in in the hope of creating a bit more activity on campus
- Investment plans for Lærerboligen and Hybelhuset, including larger social areas in the 9-person student housing.

### **Feedback from the students:**

- They would like new chairs in Hybelhuset
- It's good that they have access to everything they need: washing, drying and internet

- Furniture that students had brought to Hybelhuset was removed without informing the students who lived there, and it was not replaced
- They want a better way to find the maintenance form when something is wrong

**Property director:**

- They want more students to stay in / move into Hybelhuset
- There is new pricing from 01.07.2026:
  - Category A – 4000,-
  - Category B – 4190,-
  - Category C – 4350,-
  - Category D – 4550,-
- Everything is included: electricity, internet, washing and drying, etc.
- They're considering getting kitchen equipment for all kitchens to help international students. This will require that the equipment is taken care of. They'll test it to see how it works.
- They're considering setting up "trust shops" and possibly microwaves to help students and staff when the canteen is closed.
- The system works so that free rent in July isn't possible, and the only option is to terminate the contract earlier so July is free, with the hope of getting the same room again.
- A suggestion that came up in the local Learning Environment Committee (LMU) on 14 April is that the price for July could be lower.
- There is a fixed fee of 600,- as a change-of-room cost at all campuses, which can't be changed.

**SR-25/26-18 Briefing from The Learning Environment Committee (LMU)**

Case officer The Student Council at Evenstad

---

**Item presentation:**

The Learning Environment Committee (LMU) gives a briefing on its work

**LMU:**

- Move the smoking areas away from the entrances – something will be done about this
- Multi-use management is a course that they'll look into offering as an extra course in spring 2027
- The school will try to set up a collaboration with Skogkurs, with discounted offers
- What do the students think about the break in May before the exams?
- Sunglasses party on 22 May – free event that everyone can join
- They're looking into possibilities for opening the workshop, with options for washing cars and changing tires, among other things.

**Feedback from the students:**

- They like having a proper break so they can work; there's a big difference between wanting to use the time to study for exams or to earn money.

- Those who are handing in their bachelor's thesis think it's good, because they can focus on finishing the thesis before the exams start.
- Some lecturers make it possible for students to meet for a summary session right before the exam – there's a wish that more lecturers would do this.

### **SR-25/26-19 Items you want to raise**

Case officer: The Student Council at Evenstad

---

#### **Item presentation:**

The Local Executive Committee gives the class representatives the opportunity to raise items.

#### **Motion:**

The Student Council takes note of all the briefings.

- Wednesday 29 April there will be an information meeting about new positions, and new class representatives will be elected before the end of the semester.
- The water in the canteen doesn't taste good.
- They feel this semester has been tough, with many assignments that don't match the number of credits the course has.
- The students are wondering what should be done when lecturers are on long-term sick leave. Will compulsory assignments be cancelled, for example? This can be raised at a later meeting with the management and the course coordinators on 24 April.

### **SR-25/26-20 Any other business (AOB)**

Case officer: The Student Council at Evenstad

---

#### **Item presentation:**

The Student Council is given the opportunity to raise any items.
