SR- 25/26 - 18 Orientering fra Studentrådsutvalget

Saksbehandler: Studentrådsutvalget Hamar

Saksfremlegg:

Orienteringene skal gi et innblikk i arbeidet som har blitt gjort siden siste studentrådsmøte.

- Rettelse fra forrige møte; håndsprit blir ikke fylt opp, de skal fjernes

79: Why?

1: Good question. Money, I guess. I don't remember what they said about it in the SU meeting. We will take it up again.

- Røykeplass er flyttet

1: Let us know if you still smell the smoke.

- Studenttinget ble gjennomført 17.-18.oktober
- Superweekend og studentseminar 31.oktober-4.november
- Ombygging av biblioteket
 - De vil høre hva studentene ønsker seg av møbler, hvordan det skal se ut etc.

79: Are we going to have a form that we are going to fill out, or are we just brain-storming now?

1: We could do a form too.

79: There's a lot of people not here in this meeting, so you will only get our opinions and not all the students.

50: They also have an idea-board in the library.

53: When is the remodeling planned to happen? How much time do we have to give ideas?

1: Thy will probably do it next year.

26: I still think an online form is better so most people can reach.

118: Cozy chairs or couches would be nice.

5: Is the form in the library also in English?

1: I haven't checked.

115: Ther's this red chair that you can sit in that's noise isolated. It would be nice to have more of those.

50: This came as an announcement in canvas. You could write directly to them, but a form is still better.

66: There's a digital form, but it's only in Norwegian. The form is also a competition where you can win something.

26: Some chairs that we have in group-rooms are soft and nice. The chairs in the library are not. You can even cut yourself on them. Having wider chairs would be nice, especially for the animation students since they often work on more than one device at once.

79: What is the limit of what someone can request. (suggest to the library)

1: I don't really know. The library just asked what the students think.

?: At biohus they have done stuff. Did people give suggestions there?

1: It was not suggestions from any students. It was the faculty or a select few students.

- Skrivefestival

1: It's planned to be in the spring, 2026.

6: It's difficult for people on zoom to hear.

(Vi bruker nå catch box)

1: They had it at Lillehammer last time. They give you guidance on how to write. I don't have as much info as I would like. Send an email if you have questions about this.

- Ombygging av kantina i Biohus

1: We kind of already talked about this.

79: It's pretty cool.

- Blir ikke musikk på doene, dette pga avgift til TONO

79: Why was this suggested?

71: Jeg regner med at folk ikke vil at andre skal høre det de driver med.

- Nytt stillerom, ved spillrommet i biblioteket

90: Do you have to book the quiet-room?

1: No, you don't.

- Arnfinn fikser stolene i B007
- Individuelle søppeldunker inne på toalettbasene blir ikke noe av

26: I don't know when this is going to happen, but is there a chance that we can make the bathroom stalls bigger?

50: One if the doors in the bathroom could not be closed. (ved bunkeren)

- Rekruttering av nye fadderledere!
- Allergener og oversetting
 - Tatt med til SINN, de skal ta det videre

26: Can we get fruit-salads without kiwi and stuff?

118: I agreed.

79: We have fruit salad??

68: This is about the parking lots. Det er ikke nok parkeringsplasser.

1: They can't do anything about it. But there will be new signage.

68: I've also been told that some teachers use the student parking.

SR-25/26-19 Oppklarende spørsmål om StInn

- Saksbehandler: Studentrådet Hamar
-

-

- **Saksfremlegg:**
- Studentrådet gis muligheten til å stille oppklarende spørsmål rundt StInn og deres aktivitet.

53: Last time we talked about the white-board markers.

5: Regarding the markers. I know that there's a room right beside B006 where they have a lot of different markers. That's where the teacher's storage is.

26: They can also go to the reception and ask for markers.

71: I kantina er det enkelte matvarer der det står kylling, og så har det vært bacon.

84: About the smoking. Yesterday. I saw someone smoking in the old smoking spot.

71: In addition, there's always people smoking outside of the biohus door.

84: I was just wondering; are there any consequences for those people.

1: At this moment I don't think there's any consequences, but we will tell them about that.

50: I only know about the one smoking corner, so maybe they need another corner. And about the markers. Where's the reception? (det ble svart)

53: Last time, you addressed the swimming pool. But people can still not get in.

1: We will bring it up again.

90: I'm checking the Facebook and no one is signed up.

53: There's a form you fill out.

SR- 25/26 - 20 Møtedatoer for våren 2026

Saksbehandler: Studentrådet Hamar

Saksfremlegg: Studentrådet skal bestemme møteplanen for våren 2026. Dette gjøres tidligst mulig slik at demokratitiden for studentrådsmøtene sikres og fakultetene kan planlegge rundt vår møteplan. Det blir også satt på dager der studieprogramutvalg ikke foregår for å sikre at det ikke blir konflikt mellom hva klassetillitsvalgt skal delta på.

Forslag til vedtak:

- F1 SR04-25/26 legges til 21.januar
- F2 SR05-25/26 legges til 11.februar
- F3 SR06-25/26 legges til 18.mars
- F4 SR07-25/26 legges til 15.april

84: My class has praksis on two of these dates. Lektor i noe utdanning.

72: It's the same for me.

1: We can't accommodate everybody, and there will always be someone missing out.

Vi stemmer i bulk. Vi stemmer med aktiv votering. F1, F2, F3 og F4 er vedtatt.

SR- 25/26 - 21 Orientering fra tillitsvalgte

Saksbehandler: Studentrådet Hamar

**Saksfremlegg:**

Studentrådsutvalget gir klassetillitsvalgte muligheten til å ta opp saker og orientere studentrådet

Forslag til vedtak:

Studentrådet tar alle orienteringene til etterretning.

26: Our class asked if it was possible to make the free porridge a thing every day like in the exam period.

74: Were in the 5th year. And apparently when we finish, we will not get a diploma like other studies. I have told the study program coordinator, but I thought to tell you too.

74: Classrooms need to be cleaned properly after lectures. It's very annoying when the tables and chairs are not in order, since there's student activity after.

5: This is something that has happened today. One of our lecturers has denied having PPP out on canvas before the lecture. He also dictated that we had to take notes. Every lecture that we have is in a room with no desks. People learn in different ways and not everyone takes notes. If someone takes notes, it's usually on the phone, and when the lecturer sees that he doesn't like it. And it's not the first time. 1. år musikk.

22: In one of the courses we have, we get the lecture slides after the lecture. We don't get the lecture-slides until a week after and we have an exam next week. This is in samfunnsfag årsstudium og lektor 2.

48: This is about the first aid kits in sangsalen ved gymnsalen. We still haven't gotten any.

53: In grupperom there's sometimes dishes and stuff. People should clean, maybe by putting up signs.

84: Group room 6 and 7, the HDMI cable doesn't work.

22: The same in nr 8.

SR- 25/26 - 22 Eventuelt

Saksbehandler: Studentrådet Hamar

Saksfremlegg:

Studentrådet gis mulighet til å ta opp eventuelle saker

1: I think most of it has been said.

60: Just a message to everyone. If you did not get info about this meeting, let us know.
