Saksbehandler: Studentrådsutvalget Hamar

Saksfremlegg:

Orienteringene skal gi et innblikk i arbeidet som har blitt gjort siden siste studentrådsmøte.

- SRUet har bestemt møtedatoer for høsten 2026
 - 16.september
 - 14.oktober
 - 25.november
- 17.-19.april er det Studenttinget
 - Her velges de nye medlemmene som skal sitte sentralt i StInn

4: What is the executive committee?

1: The executive committee is the one that is on top of us. They have a campus that they look after, and they do more of the StInn politics.

6: Can we get the link for registration again. Only half of the screen is being shared.

1. I'll try to fix that.

SR07-25/26-46 Valg av leder og nestleder i StInn

Saksbehandler: Studentrådsutvalget Hamar

Saksfremlegg:

Valg av verv i StInn Hamar.

Studentrådet gjennomfører valg av Leder og Nestleder for Studentrådsutvalget.

SR-25/26-46-01 Valg av Leder

Som leder er man organisasjonens ansikt utad. Leder skal sørge for at det gjennomføres møter, motivere tillitsvalgte, drive påvirkningsarbeid og samarbeide med relevante personer på Universitetet.

Leder sitter også i Sentralstyret og Lederutvalget i StInn.

F1: Martin Halden fra Spillteknologi, andre år.

F2: Selma Othmani Fredriksen fra bioingeniørfag, andre år.

4: How would you allocate your time with such a big role?

Selma: I have years of experience

Martin: I'm from gameschool so I could focus more on Stinn

6: Will you continue with student inclusivity?

Martin: There are still many problems with English, a lot of canvas messages that are only in Norwegian.

Selma: I agree, we need to keep bringing awareness to this issue.

71: Are there any issues of particular interest to you?

Selma: In Stinn we have Flagship issues which cover a lot of different aspects,

Martin: I know that the gameschool have a huge issue with sexism and ofc the mental health crisis.

113: How will you make sure to represent all 3 faculties?

Martin: I would talk to the representative of the faculties, and also to the linjeforeninger for those faculties

Selma: Right now, we do have different meetings for this issue. These problems are being handled, but I do think we need to get a stronger grip on this issue.

6: When things go well, what do u want to continue going well?

Selma: Hamar excels at the social part, and we have a good system in place for our voices to be heard

Martin: That's a weird question to answer, but there are some good parts, some of the teachers are nice, same with student meetings. I do see a lot of student organizations colab, and having more of the faculties collaborate with each other could help improve the social environment.

SR-25/26-46-02 Valg av Nestleder

Som nestleder er man leders stedfortreder, og gjennomfører oppgaver delegert fra leder. Nestleder skal være kontaktperson for tillitsvalgte, følge opp studentsamfunnet og oppsøke lokale saker.

Nestleder sitter også i Organisatorisk utvalg i StInn.

Nr. 4 Vilde Wierød Rønning og Martin Halden stiller til nestleder.

4: I've been the welfare and learning environment responsible. I will support the leader well and also you. I will fight for better air quality.

Martin: there's been multiple times where I've seen cases not being handled. I'll talk to the teachers directory. I'll talk to the faculty responsible and work it out.

113: As the deputy leader, you also have a bit of responsibility of looking after the rest of the committee. How would you do that?

Martin: be nice to people. Hang out with them socially. Go to a host event and get drunk. Some people are social while others are not. Get to know them first to find out what they want to do.

Vilde: completely agree. It's important to get to know the members. The meetings we have, have a very good environment. It's good for growing and letting people hear your voice. I want to lessen the workload of the leader and also the other members. I want to organize stuff in the organizational committee. This is supposed to be a fun experience for everyone.

90: What about your flexibility when the leader is out?

Martin: Yes, I think I will be able to do that. I have done a lot of stuff throughout the year. If need to fill in suddenly I will be able to do that easily.

Vilde: I have no problem being serious and getting things done. I will definitely be able to fill in the role of a leader.

F1: Vilde velges som nestleder.

F2: Martin velges som nestleder.

F1 er vedtatt.

113: The faculty leaders have meetings about 2-3 times a year. There are different representatives with different roles in the field. They discuss different cases regarding the faculty.

90: Is 2-3 meetings a year for both or one semester

113: Both.

75: Do the representative represent students?

113: Yes, and you would be invited to meetings with StInn.

75: Would this collide with other positions?

9: You can combine it with whatever.

9: This weekend is the studentting.

SR-25/26-47-01 Valg av hovedrepresentant i LUP

75: My name is Ida. I have not done something like this before. I was in hast, now I am in glup. I would like things to get better for students. I am 2. year pre-school teacher. I want to try this.

90: When are you starting.

Ida: First of July.

1: Since there's only one candidate, we can vote by acclimation.

Ida Berger er valgt som hovedrepresentant i LUP.

SR-25/26-47-02 Valg av vararepresentant i LUP

My name is Maren. I have also never done anything like this. I have represented my class. I'm not ready to be the main representative for anything, so I would like to start with this.

1. We can do this with acclamation.

Maren Celina Belseth er valgt som vararepresentant.

SR-25/26-47-03 Valg av hovedrepresentant i ALB

Hi my name is Kourosh. I study bioengineering 1. year. I like to take care of people in my faculty and fix problems that concern us.

Kourosh Seyedi er valgt som hovedrepresentant

SR-25/26-47-04 Valg av vararepresentant i ALB

Selma Fredriksen Othmani stiller.

Selma Fredriksen Othmani blir valgt som vararepresentant i ALB.

SR-25/26-47-05 Valg av hovedrepresentant i FTVS

Hi my name is Martin. Third time's the charm. I know people at the gameschool, but not at the film school. I try to help as much as I can in the gameschool.

4: you've been the leader of Valmuen for quite some time now. How would you say this has helped you get to know the game school?

Martin: I have seen a lot of stuff. I try to see if the problem concerns only one person or multiple people.

Martin Halden er valgt som hovedrepresentant i FTVS.

SR-25/26-47-06 Valg av vararepresentant i FTVS

Engbret. Webster's dictionary defines some as something. I know my role will not be as important as the main representative. I will try to be as responsible as the main or even more.

4. You are a part of the newest bachelor in the AI. Would you say that you have seen a different side of gameschool that will help to understand the whole of the game school.

Engbret: I would say so. I am the class representative. I think I am well inversed in multiple aspects of these people.

Engbret Smidesang er valgt som vararepresentant i FTVS.

SR07-25/26-48 Orientering fra tillitsvalgte

Saksbehandler: Studentrådet Hamar

Saksfremlegg:

Studentrådsutvalget gir klassetillitsvalgte muligheten til å ta opp saker og orientere studentrådet

Forslag til vedtak:

Studentrådet tar alle orienteringene til etterretning.

5: The button for the door opener in B007 does not work.

22: this is very new automatic door, so that's weird that it does not work

75: I have some parking-related things to bring up. There are not enough parkingspots and street parking has become more expensive.

1. This has been a case many times, but we will bring it up again. The reasoning for not fixing it is that it is the municipality's responsibility.

75: some students have electrical cars. They want chargers. In the winter they don't shovel the snow off the parking lot, making there fewer parking spots.

112: If there's no chance we'll get more parking, can we at least get a discount on street parking.

53: What's up with the canteen food. Theres little vegan options.

1: Theres a book there where you can write suggestions.

75: When we bring things up, you tell us you will do something about it but never hear anything about it.

4: This is our experience, too. We bring it up to the appropriate people, and they also don't say anything.

1: That is what the orientation part of the presentation is for. If we miss anything, keep telling us about it. We can also write it somewhere.

89: Where's the book?

75: It is by the cashier, by the paper.

113: post@sinn.no is also good for sending feedback.

6. Regarding the mislabeled nut allergy sandwich from last time, is there an update?

4: I was the one that brought that up. They said that they are working on it. It's very unfortunate. I keep bringing it up, but I haven't heard anything.

1: The only thing I have heard is that they talked to the student that this happened to.

6: In the music building. The rooms above the auditorium are very badly ventilated and hot. The temperature varies a lot from too cold and too hot (unbearable). There's a lot of equipment errors and missing equipment.

118: That is my responsibility, and I have not heard any complaints.

55: The guy that's responsible for making the dishes asked me if I wanted hot food. He only asked me and not in a crowd.

1: We have gotten a new chef so maybe that's how he does it.

75: There are a lot of active groups with different jobs on campus. All of them use different platforms. We want a platform where all of them are. There's nowhere we can see what's happening.

113: it's impossible to get them to use one platform. What I would advise is studinn.no. To have links and everything for all the organizations.

22: I completely agree. But I do like that they all have the platform that works best for them

75: We need ONE place for everything.

105: There's a website already. Innlandskalenderen is a good site. But no one uses it.

6: Comment to the person who said that it was their responsibility with the music. They said that they have tried through a qr code. And also, can people stop sending out things in canvas that do not concern all students.

113: This has been an issue from back in my time as well. The answers that have been given are that we have one canvas for the entirety of Hamar and one for Hamar and Lillehammer. So, they don't have one for only LUP. They say it's too much work to make a new canvas room.

1: I will move on.

SR07-25/26-49 Eventuelt

Saksbehandler: Studentrådet Hamar

Saksfremlegg:

Studentrådet gis mulighet til å ta opp eventuelle saker

9: For the classes that will be continuing next year, should elect before summer. Schoolstart is hectic, so fix it before summer.

113: There's an election for the university board. It opens on Tuesday. Put your vote in. Go to stinn.no scroll down to the new section. There is a link there. You can win a gift card by voting.

104: Samlingsbasert 1.year asked me why we have meetings on Wednesday when we have class.

113: We have an agreement with the uni where everyone has a break on Wednesday 12-13. It says that no one is allowed to have any lectures at that time. Demokratitid.

75: does this also apply to samlingsbasert.

113: It applies to everyone regardless. Unless they have a special agreement.
